## S2 AUTUMN WINTER 2011

Brewing with beauty, S2's AW collection entitled Quiet Storm, is one of elegance and femininity with a strong contemporary aspect to classic, simple shapes. Catling, S2's Creative Director, believes this is the finest collection she and the design team have ever produced.

All layers are covered for winter, from basic long sleeve jersey tops to wide leg Guyana wool pants, fluid silk over garments, divine dresses, jackets, coats and leather and fur accessories.

This season black is complemented by moss green, white, steel grey, khaki brown with blood red and midnight blue linings.

## LUI HON

Melbourne's rising talent LUI HON has produced an outstanding AW11 collection. Built around asymmetric shapes, structured undergarments combined with more fluid over lays, the collection represents a powerful and uber- confident international style in contemporary fashion.

Lui's use of leather and fur, blended with beautiful natural jersey and wool make his collection one of the most coveted for AW2011.

Exclusive to S2 / Western Australia.

## Phong Chi Lai

Melbourne based Phong Chi Lai Handcraft returns to S2 for AW11. Beautiful black leather ankle wedge boots, man style lace ups, nightflight combat boots with spiral cut legs and low wedge lace ups provide lifetime friends for all occasions.

Phong Chi Lai Handcraft will arrive in store early March 2011.

### Sandrine De Montard

Contemporary Spanish jewellery label, Sandrine De Montard, is represented exclusively by S2 in Western Australia. Originally from Paris Sandrine studied in Barcelona at the prestigious Escola d' Arts i Oficis.

It was here in 1992 that she began to develop her aesthetic utilising pre-existing materials such as old brass and silver and creating modern yet timeless pieces of jewellery.

Sandrine De Montard is forever evolving through new found experiences and adventures which shape her collections.

Share Sandrine's experiences through her works.

### Style Profile: Andrea

S2 is very fortunate to have one of Western Australia's most unique talents on the team.

Bentley Polytechnic West fashion graduate and emerging designer, Andrea Wolf joined S2 in August 2010 as production assistant. Since her inception into the House, Andrea has also been front of house styling and dressing women.

One of the most exciting labels to recently emerge out of Western Australia is Andrea's self titled label 'Andrea Wolf'. Complete with beautiful, natural fabrics, original shapes and pristine tailoring, Wolf's label merges contemporary design with a hint of dark, dramatic and sombre Edwardian style.

Andrea's work was featured at Styleaid 2010 and the Perth Fashion Festival 2010, in which she was one of three recipients of the Festival's Carton Fashion Incubator initiative (2009).
