DESIGNER PROFILE: MERCURIALIST

Established in 2007 Mecurialist is the brainchild of a Melbourne based textiles and Industrial design duo, with a strong desire to make real things.

Inspired by the old world and mad science-chic, Mecurialist is an accessories label that seeks beauty in the worn and weathered, the story of an object and the way in which it adapts to its owner and their journey.

The label has a strong emphasis on the handmade, therefore no two pieces are identical. All designs have been made, dyed and finished in Melbourne.
