

S2 FOR STYLE

Beautiful silks, pure wool knits and elegantly tailored trousers are the hallmarks of Chrissie Catling's revamped label S2. Formerly called passion seed, Catling launched her first collection at the 2004 Mercedes Fashion Week in Melbourne. She now has set up her own concept store in North Perth, reflecting her minimalist and trans-seasonal style, on the fast-evolving cafe strip on Angove Street. Her new autumn-winter collection is stocked alongside homewares including Italian fragrances Antica Farmacista, knitwear from Lorinda Grant, jeans by Turkish label LTB, designs from Japanese labels Kondo Tricot and Dogstar, and clothes from Fremantle label Ashe.
